Biography

Dario Cogliati, born in Monza in 1977.

After graduating from the State Institute of Applied Arts in Monza, I continued my studies at the Academy of Fine Arts of Brera in Milan, graduating in 2004 on scenography. I live and work in Lissone.

As studies even the working process has always been in creative fields, from assistant photographer, to graphic creator of the DVD content, until today. I'm currently a freelancer photographer and graphic designer. Since 2006 I'm part of the Gruppo Koinè, a group of artists with whom I began a journey of exhibitions of photography, video art and Art installations in spaces of various kinds.

Poetic

Every technique I use expresses an aspect of my being, my poetry, my thought. A comparison that has no boundaries, stops, pauses, other than those necessary for reflection. A close dialogue with the reality that is constantly changing, to stop the exact moment of the "here and now" that does not know it yesterday it tomorrow. An eternal present.
